

## WEEKLY NEWSLETTER

1/29/12

Geno was outstanding last Thursday night at Rock n Bowl and as we suspected it was a full house. A lot of dancers came in from the Lafayette area so there was never a shortage of dance partners. Be sure to make it this Thursday at Rock n Bowl because Chubby Carrier will be playing. If you missed Chubby the last time he played at Rock n Bowl he was great, he played to and for the dancers. As I said in last weeks Newsletter, if you like how a band sounds be sure to tell John, owner of Rock n Bowl, so he'll continue to bring back the best bands and always come out to support the bands that you like. John brings the bands back that draw the big crowds, so if a band plays that you really like make a point to be at Rock n Bowl that night.

This Monday and Tuesday nights are the last Cajun Jitterbug classes for the month so be sure that we work with you on any steps that you're having problems with. You may not believe it but y'all have come a long way in just a month. Think back on how much you could do at the beginning of the month and how good you are now, but you need to keep practicing so you don't forget what you've learned. We'd love it if you'd keep coming back to take classes with us to learn more steps, different dances, and to perfect the steps you already know, but even if you never take another class from us remember that you're always welcome to join us on any of our outings. Continue to check the Calendar, Newsletter, and Road Trips sections of our website, [www.zydecocajundancelessons.com](http://www.zydecocajundancelessons.com), to keep up to date on what's going on. It makes us feel that we've accomplished what we set out to do when we see y'all out dancing.

Monday and Tuesday nights are also graduation nights so be sure to be at class. We will also attempt to work in the Waltz for the last hour of class. Once you learn the Waltz you can go to any Cajun dance and never stop dancing.

Even though we will be teaching Zydeco as the primary dance next month after the first week we will also work on the Whiskey River Jitterbug in the Slidell class and the New Creole Step in New Orleans for those who want to move their dancing to another level. We want to make sure that everyone knows that every time someone takes a class on a dance that they are repeating, as a full time student, the price for taking that class reduces by \$5.00. We do this for numerous reasons, first, we want you to be able to perfect your steps as much as you want, we also try to continually pass on new steps, and we want to continually show you how much fun we have Cajun and Zydeco dancing.

Be sure to wish Mark Snyder a Happy Birthday when you see him, his birthday is February 1st.

Lastly, please check out the advertisements below from some of our present full time students. You see these people every week in class or out dancing, so if you can use any of their services let's keep it in house. If you want to add your name and advertisement to the list see us in class. All we need is your business card so that we will have all of your information. This is a free service that we extend to our present students so take advantage of it.
